

GOUTAM MAJUMDER

WEB DEVELOPER | JAVA DEVELOPER

KOLKATA | +91 7439732543 | gmajumder121@gmail.com | [Linkedin](#) | [Portfolio](#)

SUMMARY:

Dynamic and detail-oriented Web Developer and Java Developer with a strong foundation in computer science, AI, and machine learning. Proficient in building scalable web applications using modern frameworks and technologies. Experienced in collaborating with cross-functional teams to deliver high-quality projects within set deadlines. Passionate about leveraging programming skills to drive innovative solutions and enhance user experiences.

WORK EXPERIENCE:

CodSoft

Web Developer Intern | 27 June, 2025 – Present

- Developed and maintained responsive web applications, ensuring optimal performance and user experiences.
- Collaborated with the design and development teams to implement new features and improve existing functionalities.
- Utilized Java and front-end technologies to create dynamic and interactive user interfaces.

Future Intern

Web Developer Intern | 25 June, 2025 – Present

- Engaged in the full software development lifecycle, from concept through delivery and support.
- Assisted in creating innovative web-based solutions to meet client requirements, improving project outcomes and workflow efficiency.
- Conducted code reviews and participated in team meetings to strategize project objectives.

PROJECTS:

TRUREXTRA(career growth platform)

- Designed and developed a multifunctional web platform for students, organizers, HR professionals, and mentors, combining features similar to LeetCode, Unstop, and LinkedIn.
- Employed technologies such as HTML, CSS, JavaScript, and database management systems to ensure seamless functionality and user engagement.
- Tech: React.js, Node.js, MongoDB, Redis, OAuth 2.0, and WebSockets

Amazon(E-Commerce Website Clone)

- Constructed a functional clone of Amazon using core front-end and back-end technologies to simulate e-commerce operations.
- Focused on implementing features such as user authentication, product search, and shopping cart, utilizing database management skills.

EDUCATION:

B.Tech CSE, Specialization in AI&ML (Aug, 2023 – July, 2027):

Brainware University, Kolkata, CGPA: 86%

Bachelor of Computer Science – Software Engineering

SKILLS:

- Web Development: HTML, CSS, JavaScript, frameworks (React, Angular)
- Programming Languages: Java, Python
- Database Management: SQL, MySQL, MongoDB
- Soft Skills: Problem-solving, team collaboration, effective communication
- Tools and Technologies: Git, RESTful APIs, Agile methodologies

CERTIFICATIONS AND AWARDS:

- Deloitte Australia – Technology Job Simulation Forage | June 2025
- Python Programming Certificate
3rd Place, Texibition 2K25 | University Level Hackathon

ADDITIONAL INFORMATION:

- Languages: English, Hindi, Bengali
- Extracurricular: Chess Club Mentor, providing guidance to peers and enhancing team strategy skills.
